

TXA - Brake Camshaft

A core component in heavy-duty drum brake systems. This precisely machined shaft converts the pushing force from the brake chamber into rotational motion, which then spreads the brake shoes against the drum to create reliable stopping power.

Part No.	DESCRIPTION
6G2749	16 Teeth Right Hand Service Brake Camshaft
5T5162	41.91mm Inner Diameter Camshaft
4D0432	16 Teeth Brake Camshaft
5T5157	10 Teeth Left Hand Service Brake Camshaft
5T5158	10 Teeth Right Hand Service Brake Camshaft
2J9630	Camshaft-Brake
2J9629	Camshaft-Brake
8D6138	Camshaft-Brake
8D6139	Camshaft-Brake
5T0975	Camshaft-Brake
5T0999	Camshaft-Brake
2G9349	Right Hand Brake Camshaft

Part No.	DESCRIPTION
2G9350	Left Hand Brake Camshaft
2893620	Camshaft-Brake
2893617	Camshaft-Brake
2893619	Camshaft-Brake
2893618	Camshaft-Brake
2001318	48 External Straight Spline Tooth Camshaft
5942013	Brake Camshaft
1962314	Parking Brake Camshaft
1490605	Brake Lining Camshaft
2001312	Parking Brake Camshaft
2001316	Parking Brake Camshaft
